

Eye HandBook App Instructions

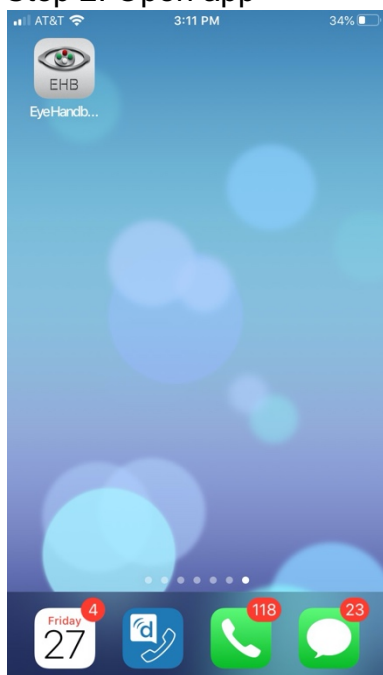

Important notes:

- If child/adult patient wears glasses, please check vision with glasses
- Hold the phone or device 14 inches from eyes when testing
- Check the vision in each eye separately (cover left eye when checking the right eye vision and cover right eye when checking the left eye vision)
- Record the smallest line read with right eye (gets more than half of the characters correct on that line)
- Record the smallest line read with left eye (gets more than half of the characters correct on that line)
